Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 50 and 62-63 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ignacio et al in view of Matzinger et al.

See the appropriate paragraph of the 6/1/06 Office action.

See the appropriate paragraph of the 6/1/06 Office action.

Claims 66-72 are rejected under 35 U.S.C. 103(a) as being unpatentable over Fujisawa in view of Omatsu et al. as applied to claim 65 above, and further in view of Matzinger et al.

Response to Arguments

Applicant's arguments filed 10/2/06 have been fully considered but they are not persuasive.

Art Unit: 1743

Applicants state Matzinger lacks 1) motivation to combine and ; 2) a reasonable expectation of success. The Office notes Applicants in the first paragraph on page 5 of the 6/1/06 remarks quote Matzinger as teaching ".... good or better in color, adhesion and tack, as well as significant improvements in dye dispersion and stability". The Office maintains this is sufficient motivation to make the combination. With respect to "2)" The Office takes the position because Matzinger is directed to the same field of endeavor as the instant invention, there would be a high expectation of success.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
